PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The subdivision of land is regulated by State law and local ordinance. Once the subdivider obtains County approval of a tentative map and complies with the tentative map conditions of approval, the final map is recorded.

Section 66458(a) of the State Subdivision Map Act requires approval of a final map if it is found to be in substantial compliance with a previously approved tentative map/conditions of approval. The Department of Public Works (Public Works) review indicates that this final map is in substantial compliance with the tentative map and conditions of approval that were approved July 11, 2000.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Organizational Effectiveness (Goal 3) by coordinating with other departments to ensure that this final map is in compliance with all conditions of the previously approved tentative map.

FISCAL IMPACT/FINANCING

The lots created by the recordation of this final map provide additional property tax revenue.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Prior to recordation, approval of the subject final map by your Board is required per the State Subdivision Map Act and Title 21 of the Los Angeles County Code.

This tract consists of one open-space lot containing 30.45 gross acres. The subject final map has been reviewed by Public Works for mathematical accuracy, survey analysis, title information, and for compliance with local ordinances and the Subdivision Map Act. Public Works' review indicates that all State and local provisions and legal requirements have been met on this final map.

All agreements and improvement securities, which were required as a condition of the subdivision, have been accepted on behalf of the County by the appropriate official.
